MEXICAN LEADER TOLD OF THEIR DEATH IN FIGHT

Guarantee Safe Conduct of Wounded.

NACO, Ariz, November 6 .- Four Americans, released at Villa Verde yesterday by Gen. Villa after three times having been condemned to death, arrived on American soil here today and narrated their experiences as Red Cross workers among Villa's wounded on the battlefield of Agua Prieta.

The party consisted of Dr. R. H. Thigpen, Dr. Charles H. Miller and two chauffeurs, Al Wilson and J. D. Pylant. The two physicians took to their beds upon their arrival as a result of their experiences and an all-night tramp through the mountain.

Gen. Villa flew into a rage, Dr. Thigpen said, when he learned that the Americans could not guarantee the passage of his wounded over American territory to Juarez.

Villa Suggests Way.

"Treat the Americans as they treat us," he is quoted as having said to his aid. "Do as you please. Turn the artillery on Douglas and put these men in front of the infantry."

Intercession by Gen. Rafael Naive, coupled with fear of retaliation upon families of Villa and his subordinates in the United States, was responsible for the safety of the Americans, Dr. Thignen said.

Thigpen said.

When a subordinate reported to Villa that Carranza troops had been permitted to cross American territory to Gen. Calles in defending Agua eta, Villa again sought vengeance in the Americans. In a rage, he ed excertations upon their heads shally ordered them killed, they

he said. If you care to give me any money you may, and, if not, all right." Thigpen's home is in Sandersville. Ga. Miller lives at Hereford, Tex. They left Naco Tuesday to render what aid they could to Villa wounded.

Weary from long marching and suffering from strain the four Americans were exhausted after crossing the line and were at once put to bed. Thigpen said they were taken for spies when they arrived Wednesday on the Agua Prieta battlefield without cordentials.

Enraged Because They Could Not Funston Calls on Government Leader Positive Reiteration That Lord Kitchener Has Resigned Causes Authorities to Act.

> LONDON, November 6 .- The printing lant of the London Globe, together with copies of the issues of yesterday and today, was seized by the polic this afternoon.

The Globe had been inviting trouble for some time, virtually daring the au-thorities to take official notice of its disregard of some of the wishes of the official press bureau and of its unrestrained denunciation of members of the cabinet who incurred its wrath. An attack yesterday by the Globe on certain ministers in connection with the administration of the war office, and its positive reiteration today that Secretary Kitchener had resigned, not withstanding official denials, seem to have decided the authorities on the suppression of the paper.

Official Statement.

The following official statement was ssued: afternoon Chief Inspector

Fowler, with other police officers, acting under the authority of Sir Francis Lloyd, K. C. B., a competent military authority, entered the premises of the

authority, entered the premises of the Globe newspaper and selzed all copies of the newspaper for yesterday and today, together with the printing plant and type."

The Globe is controlled by Cecli Harmsworth, brother of Lord Northcliffe. It is the oldest afternoon newspaper of London.

Mr. Harmsworth's brother, Lord Northcliffe, has been one of the severest critics of the war office, through his newspapers, the Times and the Mail. The Globe also has attacked the policy of the war office.

The police officials who selzed the Globe newspaper made a thorough job of it. They cut off the electric power, removed the stereotype plates, withdrew the vital parts of the linotype machines and presses and selzed all copies of yesterday's and today's papers, and even the manuscript which had been prepared. caused Villa to postpone his plan to leave Naco yesterday.
